1	<b>Saber Stick 24VAC</b>	<b>83 days</b>	<b>Tue 1/27/09</b>	<b>Thu 5/21/09</b>																																																																	
2	<b>Electronic balast</b>	<b>6 days</b>	<b>Tue 1/27/09</b>	<b>Tue 2/3/09</b>																																																																	
3	Your Comany testing/approval	5 days	Tue 1/27/09	Mon 2/2/09																																																																	
4	Performance Testing	1 day	Tue 2/3/09	Tue 2/3/09																																																																	
5	<b>Electronic Design</b>	<b>17 days</b>	<b>Wed 2/4/09</b>	<b>Thu 2/26/09</b>																																																																	
6	Build additional proto Rev 1.0 for mechanical	1 day	Wed 2/4/09	Wed 2/4/09																																																																	
7	Validate design 1.0	2 days	Thu 2/5/09	Fri 2/6/09																																																																	
8	Temperature testing - boxed	2 days	Mon 2/9/09	Tue 2/10/09																																																																	
9	Rev 2.0 Capture	1 day	Wed 2/11/09	Wed 2/11/09																																																																	
10	PCB Layout	2 days	Thu 2/12/09	Fri 2/13/09																																																																	
11	Manufacture PCB	5 days	Mon 2/16/09	Fri 2/20/09																																																																	
12	Build + validate design	2 days	Mon 2/23/09	Tue 2/24/09																																																																	
13	Electronic BOM	2 days	Wed 2/25/09	Thu 2/26/09																																																																	
14	<b>Software</b>	<b>22 days</b>	<b>Tue 1/27/09</b>	<b>Wed 2/25/09</b>																																																																	
15	Get V-threshold from Your Comany	10 days	Tue 1/27/09	Mon 2/9/09																																																																	
16	Finalize software	5 days	Mon 2/16/09	Fri 2/20/09																																																																	
17	Validate software	3 days	Mon 2/23/09	Wed 2/25/09																																																																	
18	<b>Mechanical</b>	<b>19 days</b>	<b>Thu 2/5/09</b>	<b>Tue 3/3/09</b>																																																																	
19	Validate existing mechanical	3 days	Thu 2/5/09	Mon 2/9/09																																																																	
20	Manufacture base+connector plate	10 days	Tue 2/10/09	Mon 2/23/09																																																																	
21	Finalize design - generate SLA	2 days	Tue 2/10/09	Wed 2/11/09																																																																	
22	Manufacture SLA	5 days	Tue 2/10/09	Mon 2/16/09																																																																	
23	Assemble full connector/PCB	1 day	Tue 2/17/09	Tue 2/17/09																																																																	
24	Assemble full mechanical	1 day	Tue 2/24/09	Tue 2/24/09																																																																	
25	Ship	1 day	Wed 2/25/09	Wed 2/25/09																																																																	
26	Validate full mechanical	3 days	Thu 2/26/09	Mon 3/2/09																																																																	
27	Mechanical BOM	1 day	Tue 3/3/09	Tue 3/3/09																																																																	
28	<b>Documentation</b>	<b>27 days</b>	<b>Fri 2/6/09</b>	<b>Mon 3/16/09</b>																																																																	
29	Combine BOM	1 day	Wed 3/4/09	Wed 3/4/09																																																																	
30	Complete BOM	2 days	Thu 3/5/09	Fri 3/6/09																																																																	
31	Generate part numbers	1 day	Mon 3/9/09	Mon 3/9/09																																																																	
32	Generate manufacturing files	3 days	Tue 3/10/09	Thu 3/12/09																																																																	
33	Operation's manual	15 days	Fri 2/6/09	Thu 2/26/09																																																																	
34	Calculate estimated cost	2 days	Fri 3/13/09	Mon 3/16/09																																																																	
35	<b>Final Testing and QC plans</b>	<b>23 days</b>	<b>Tue 3/3/09</b>	<b>Thu 4/2/09</b>																																																																	
36	RFQ and project award	15 days	Fri 3/13/09	Thu 4/2/09																																																																	
37	Manufacture 3 prototypes	5 days	Tue 3/3/09	Mon 3/9/09																																																																	
38	Environmental chamber testing	10 days	Tue 3/10/09	Mon 3/23/09																																																																	
39	<b>Prepare manufacturing</b>	<b>35 days</b>	<b>Fri 4/3/09</b>	<b>Thu 5/21/09</b>																																																																	
40	Modify mold	15 days	Fri 4/3/09	Thu 4/23/09																																																																	
41	PFMEA	10 days	Fri 4/24/09	Thu 5/7/09																																																																	
42	PP manufacturing	15 days	Fri 4/24/09	Thu 5/14/09																																																																	
43	Ship units for customer approval	5 days	Fri 5/8/09	Thu 5/14/09																																																																	
44	Customer approval	5 days	Fri 5/15/09	Thu 5/21/09																																																																	

Project: RFri 5/7/10 Timeline JAN 09.m  
Date: Fri 5/7/10
